ABSTRACT

Today, women in increasing numbers are joining and contributing to the police forces. But their efforts need to be streamlined for the betterment of the organization and society. A woman is a symbol of tolerance leadership, honesty, sincerity, sympathy, dedication, truth, sacrifice, sympathy, integrity, care, compassion and talent. All these qualities are needed for modern policing. Women having all these qualities can contribute a lot for society in modern time. Modern police has a multidimensional role, including welfare of citizen and social and community policing in all these roles there is also requirement of a strong mind apart from physical competency. Many researchers, in India were conducted with reference to the gender difference, performance and background of women police in police departments. This study highlights the problems faced by Women Traffic Police.
